What is HOBY Arizona?

- Founded 46 years ago, HOBY is a non-profit organization dedicated to the encouragement and development of young leaders. HOBY involves sophomore students annually in all 50 states, D.C., and 20 countries. There are more than 330,000 HOBY alumni worldwide.
- HOBY's Mission is to seek out, recognize, and develop leadership potential starting with high school sophomores by empowering individuals to make a positive difference within our global society through understanding and action based on effective and compassionate leadership.
- HOBY Arizona, which was founded in 1978, holds a 4-day leadership Seminar at Arizona State University every year for approximately 175 high school sophomores from all over the state of Arizona at no cost to the students.
- HOBY Arizona provides lifelong leadership development opportunities that empower individuals to achieve their highest potential by giving these young leaders a forum to interface with recognized leaders in business, industry, government, the law, science and education through give-and-take workshops. HOBY Arizona teaches students how to think, not what to think.
- To encourage young leaders to commit to 100 hours of community service annually by demonstrating the benefits and rewards of service with hands-on "Leadership for Service" activities.
- The Arizona HOBY Leadership Seminar was held June 2 - 5, 2005.

From a Survey of HOBY Alumni:

- 99% reported that HOBY encouraged them to think independently .
- 98% said, because of HOBY, they know what steps to take to be a better leader.
- 98% believed they could make a difference in their high schools.
